RESORTSUITE SPA SELECTED TO MANAGE FONTAINEBLEAU'S SPA OPERATIONS

TORONTO, ON – Enablez Inc., developer of ResortSuite SPA, the leader in guest-centric spa management solutions, is pleased to announce that ResortSuite SPA has been selected by Fontainebleau Resorts LLC as its software of choice for both Fontainebleau Miami Beach and Fontainebleau Las Vegas Spa operations.

The legendary Fontainebleau Miami Beach is currently undergoing a \$1 billion renovation and expansion that will debut fall of 2008. The luxurious Lapis spa will occupy 40,000 square feet creating a shared experience designed to inspire, express, and engage all those that visit.

Fontainebleau Las Vegas, which is scheduled to open in fall 2009, will include a 60,000 square foot luxury spa and salon. Upon completion the Lapis spa in Las Vegas will be one of the largest spas in the United States, taking its inspiration from the famed Blue Lagoon in Reykjavik, Iceland.

Both spas will utilize ResortSuite SPA to manage all areas of the spa and integrate with the other aspects of the resort's operation, ensuring Fontainebleau's guests receive a memorable experience every time.

"We selected ResortSuite SPA because of its superior technical capacity to meet all our needs as related to sales, administration, and guest service as well as its ability to interface successfully with other hotel operating divisions" said Josie Feria, Director of Spa Operations, Fontainebleau Miami Beach.

"We are excited to partner with Fontainebleau Resorts to help them achieve their vision for providing a world class spa guest experience." said Frank Pitsikalis, CEO of Enablez Inc.
