RESORTSUITE ANNOUNCES HTNG CERTIFICATION

TORONTO, ON – ResortSuite, a leading provider of integrated guest-centric hospitality management solutions, is pleased to announce that ResortSuite 5.1 has been certified under the Hotel Technology Next Generation (HTNG) Property Web Services Product Specification.

"We are pleased to have successfully completed the HTNG certification process," said Frank Pitsikalis, ResortSuite Founder & CEO. "We have worked closely within the HTNG community and support their industry-wide initiatives around standardization."

HTNG is a nonprofit organization with global scope, formed in 2002 to facilitate the development of next-generation, customer-centric technologies to better meet the needs of the global hotel community. This program enables vendors to certify their products against open HTNG specifications and provide hotels with easily managed, continually evolving, cost-effective solutions to meet their complete technology needs on a global basis. The "HTNG Certified" label and logo provide hoteliers with assurance of technology products with industry-standard interfaces. Certification details available at http://www.opengroup.org/htng/cert/cert_prodlst.tpl.

About ResortSuite:

ResortSuite is a sophisticated and fully integrated customer-centric hospitality management software solution developed specifically for hotels and resorts, boutique hotels, spas, clubs and leisure operations, and their multi-faceted business areas. The ResortSuite solution is built on an Oracle database and includes the following specialized modules: **PMS, SPA, CATERING, F&B, GOLF, SKI, CLUB, RETAIL, CONCIERGE, and WEB.** All modules oversee the areas of an operation in parallel but share common core capabilities, creating a customer-centric, integrated hospitality management solution. ResortSuite prides itself on delivering exceptional support and forging strong business relationships with its clients and partners and was awarded *Hotelier Magazine's* 2005 Supplier of the Year Award. For more information on the ResortSuite solution, please visit www.resortsuite.com.

About Hotel Technology Next Generation:

The premier technology solutions association in the hospitality industry, HTNG is a self-funded, non-profit organization with global scope. HTNG members include most leading hotel and hospitality companies, technology vendors serving the hospitality market, and other industry members including consultants, media, and academic experts. HTNG's members participate in focused workgroups to bring to market open solution sets addressing specific business problems and needs. The HTNG certification program provides a "seal of assurance" for products that conform to HTNG specifications.

Membership in HTNG is open to hotel and hospitality companies, technology vendors to hospitality, consultants, academics, press and others. Currently nearly 400 corporate and individual members from across this spectrum are active HTNG participants. Workgroup proceedings, drafts, and specifications are published for all HTNG members as soon as they are created, encouraging rapid and broad adoption. Specifications are released to the public domain when they are approved for certification or when the workgroup has completed its work, typically after no more than 18 months. For more information, visit www.htng.org.
